

FISH OIL SUPPLEMENT

OMEGA 3

THE OMEGA-3 INNOVATION

A highly concentrated, pollutant-tested Omega 3 product, developed by experts, based on the latest scientific research and clinical studies. Produced and manufactured under pharmaceutical conditions, always under maximum oxidation protection - ensuring consistently high bioavailability until the last dose, without causing instability or free radical formation.

1 SERVING /CAPSUL	710 _{mg}
TOTAL OMEGA-3S	647 _{mg}
(EPA 347mg, DHA 237mg, DPA 31mg)	
NATURAL TRIGLYCERID	92%
TOTOX VALUES (OXIDATION RATE)	
PRODUCTION	4
ENCAPSULATIONG	4
STORAGE	Stability ensured
TIME OF INTAKE	Freshness preserved
BIOAVAILABILITY	630 _{mg}
(AT TIME OF INTAKE)	

PURIFIED FROM CONTAMINANTS
as from arsenic, cadmium, pcb's, mercury, ddt, ddd, hcb, brominated flame retardants, dieldrin, benzo(a)pyrene, dioxins + furans.
